

SONIC SHOUTOUT Event 2

The TriSonics come home champions!

The TriSonics competed at GVSU for the West Michigan District Event, read more about it down below!

A picture from our pits at the GVSU competition

Qualification Matches

We competed in a total of twelve qualification matches. We ended qualifications ranked #2 with a win-loss ratio of 11-1!!

Play-offs

During Alliance selection, our team was chosen by the #1 ranked team: 1918 - NC Gears. We gratefully accepted their invitation and together invited team 6114 - Hamilton CyberHawks to join our alliance. Together our alliance rose to the top and won the event!

Quality Award

At this event our team also won the Quality Award. This celebrates machine robustness and concept in fabrication. We are honored to receive this award and feel that it reflects all the hard work we put into creating our robot.

Next Up - The Michigan State Championship

Our next competition will be the State Championship at Saginaw Valley State University! This competition takes place from April 14-18!

Thank You 2021-22 Sponsors!
